Taxonomy term

BlackBerry Enterprise Server Express now avaliable for FREE [1]

BlackBerry® Enterprise Server Express enables businesses of any size to quickly and easily get started with the BlackBerry solution. It provides advanced BlackBerry smartphone features with no additional software or user license fees, and works with any Internet-enabled BlackBerry data plan or a BlackBerry enterprise data plan.

BlackBerry Enterprise Server Express offers IT control and security features you can trust even for employees that choose to bring their own BlackBerry® smartphone into your business.

Terminal Servers Missing from RWW List in EBS 2008 [7]

Wed, 07/15/2009 - 14:18 ? Jens

Unlike Small Business Server (SBS) 2003, Essential Business Server (EBS) 2008 Remote Web Workplace (RWW) does not automatically publish any links to your application sharing servers. Out of the box, the computer list only shows terminal servers (and other servers) for users that are members of the Domain Admins security group and the documentation does not disclose how to change this.
